

# **Iowa Park Hawk Band**

## **Band Leadership Handbook 2020 – 2021**

## **Summer Band**

- 1. Keep reminding everyone to get there on time. Help get people to the right rehearsal area on time.**
- 2. Be positive and encouraging to new members of your section, remember it may take some individuals a little longer.**
- 3. As a leader of the Hawk Band it is imperative that you know your fight song, alma mater and show music! (How can you help others in your section if this step has not been done in advance)?**
- 4. Be determined to keep a positive attitude within your section. You have been entrusted to set the character and overall tone of your section and the band!**

## **Class Time**

- 1. Help keep the band quiet during instruction. Yelling at them is not going to get anything done, ironically, it defeats the purpose. Take care of talkers on an individual basis and if it is a continuous problem, consult Drum Majors then directors**
- 2. Help Mr. Leal and Mrs. Robinson keep track of who is wearing the wrong attire for class or chewing gum.**
- 3. Help any new band members learn how to march.**

## **Football Games**

- 1. Help load equipment and clean up the stands before heading back to the band hall or buses.**
- 2. Before leaving for the evening it is important, we double check and ensure that sections have been cleaned as instructed. Collect any left-out items (hat boxes, instruments, uniforms, shoes, etc.) and put them into the vault of shame!**

## **In General**
